

VPL Permanent Hair Reduction: Now Is The Time!

If you've always thought about having Permanent Hair Reduction, but never been game to ask about it, **now is the time!!** Compare a lifetime of waxing month after month to a course of VPL, and you can see why so many people have converted to Variable Pulsed

Light technology! For most of our clients, **between 5 and ten treatments are ideal** for a full course, and we treat your hair growth the same as we treat your skin care; every person is an individual, *so every treatment will be tweaked and adjusted to get maximum results!*

Want to know more? Jump onto our website www.bohemebeauty.com.au and download our fact sheet ☺ then call us and mention this newsletter to receive your **FIRST TIME VPL treatment at ½ price** on any areas and get your **consultation for FREE too!**

** one offer per person, valid only for the month of August 2011*

Meet Your Newest Beauty Therapists!

Emma

Hometown: West Wyalong, Country NSW
Her fave Boheme treatment so far is the Divine Intervention Facial, because *"my clients always leave feeling relaxed and stress-free... and the products feel and smell amazing!"*

Shannon

Hometown: Melbourne, Vic.
Shannon is a perfect Boheme beauty therapist because she *"loves making an individual feel beautiful inside and out"* her fave treatments are facials and lash tints- believe it or not, her super long lashes are real (jealous!!).

An Exciting New Arrival!

We are so excited to have received our new shipment of MTS Dermal Rollers! RRP \$130

What is a dermal roller?? It's a tool that is comprised of tiny durable stainless steel micro-needles, on a smooth action roller head.

How does it work? It is rolled over the surface of your skin painlessly, **creating tiny holes** in the upper layer of the epidermis. The tiny holes that are made are many times larger than the molecules that need to get through into the epidermis, so these active ingredients and vitamins you use literally fall through into the deeper layers of the epidermis, allowing better skin rejuvenation and **much faster results**. Dermal rollers for home use can be used two to seven times a week.

Things to be aware of: If you are using a home care product that is not a cosmeceutical or cosmedical product, you risk the chance of pushing preservatives, nasty chemicals and sensitising agents into your skin. You MUST follow all instructions from your Boheme skin therapist to get the most out of your skin care.

Once you start rolling with amazing skin care, you'll never look back at your old skin again!!

Environs Product Makeover!

Over the last few weeks and in the coming months, Environs original range will be evolving and merging with their amazing AVST range, and there will be some gorgeous packaging upgrades too!

Here are the details of the OLD vs NEW products so far:

OLD	NEW
Aquatrol (oil based cleanser)	AVST Pre- Cleansing Oil Ingredient changes: refined mineral oil has been replaced with botanical oils. Now has a light fragrance, feels less "oily" on your skin.
Interactive Cleansing Cream	AVST Cleansing Lotion Ingredient changes: more botanical oils, has a light, non offensive fresh fragrance, texture is more emollient, great for sensitive skin. Now comes in a very handy 200ml pump- better value price!
Alpha Toner Mild	AVST Moisturising Toner Ingredient changes- total product makeover! Now includes neutralised lactic acid, vitamin B3, penetrant enhancers and is packed full of botanical antioxidants!

Our policy for missed appointments

- **1st missed appointment:**

Anyone can forget, we understand. A phone call would be appreciated.

- **2nd missed appointment:**

We're not happy. Other people could have used that appointment.

- **3rd missed appointment**

You will be asked to pre-pay your future appointments. 24hours notice must be given if you need to change or cancel all appointments.

Also please note: Group bookings, surprise treatments and treatments exceeding 2 hours in duration will require a 50% pre-payment with a credit card to secure your appointment. 24 hours notice must be given to cancel or change your appointment; otherwise you forfeit your pre-payment. If more than 24hours notice is given, you can have your pre-payment refunded or kept as a credit for future visits.

If your booking is held with a Gift Voucher, 50% of the Gift Voucher is forfeited if the appointment is cancelled or rescheduled within 24hours notice. In the case of a Gift Voucher no-show, 100% is forfeited.
