## About O Cosmedics

O is a collection of many years of experience, research and development O is precision skincare in every way. Cosmedical, made from the **purest combination of medical grade ingredients and cosmetic science**, blended harmoniously with nature, in line with international industry movement and breakthrough yet proudly Australian made and owned. O is made using the most potent, most concentrated active ingredients in base creams that have a natural and perfect skin affinity, O is emulsifier free.

## About Environ

Environ has without doubt become the gold standard for scientific skin care because it addresses the critical factors in skin cell communication, repair, rejuvenation and damage prevention.

The Environ range offers a definite regime to nourish, protect and maintain a healthy, youthful and beautiful skin. Products are made from the highest quality ingredients and are free from fragrance, colorants and preservatives wherever possible.

## About dermaviduals

dermaviduals is a customised dermatological skin care solution that has been designed to optimally maintain the natural skin barrier and prevent the premature ageing process.

The products are free of emulsifiers, preservatives, fragrances, mineral oils, silicones, dyes and amines. What is becoming increasingly apparent in today's advanced skin care world, is that it is not necessarily the active ingredients that make a good formulation, but what the active agents are encapsulated within that truly creates a skin care product with a point of difference.

***Don't know what to choose? Simply book your appointment and let your Boheme therapist decide which range is best for your skin type and lifestyle!***
